ISIM & Purpose Levels

- Purpose is not flat; it unfolds in levels.
- ISIM structures the emergence of purpose step by step.
- Combined with SK², MPWTA, and MITEAM in @VUCA-CCR,
- purpose is revealed, constructed, and lived.

AGGI & AGGI-POS

- AGGI: Aware Generative Guided Inquiry
- AGGI-POS: Personal Operating System for guided coaching AI
- A deeper companion revealed later in the program

The Triad

- CAI + LAI + Q&A Program
- Not $1+1=2$, but $1+1=3k$
- The three-legged stool to stay out in front of AI evolution

Participant Guide - Module 0

- Objectives:
 - - Understand how Coaching AI models generative design.
 - - Recognize SK², SKP, and SK+NAVIGATOR as foundations.
 - - Notice the role of MPWTA, MITEAM, and @VUCA-CCR.
 - - Begin to see how ISIM structures purpose emergence.
 - - Recognize CAI, LAI, and Q&A as the triad (1+1=3k).
- Reflection Prompts (S:DISS-X aligned):
 - • Do you notice generative design reducing wasted effort?
 - • Are you seeing places this cycle reappears in your own work?
 - • Can you recognize assets emerging from activities already happening?
